I've created a ListView, which works perfectly fine and the problem is that when I am trying to convert this ListView to a RecyclerView the memory consumption decreases from 40 MB to 32 MB! If it's important for answering, I am using the latest Android Studio. Any help would be very appreciated, thanks! A: This is the worst possible solution for converting your list into a RecyclerView. The recycler view works on lists of different sizes and can be faster or slower than the original list, depending on the size of the list. The difference that comes in memory consumption is all but unnoticeable
