It was released on October 15, 2013 in North America and on October 17 in Europe. The game centers around the player character "The Third" as he tries to free the city from the alien invasion. The developers envision a unique graphic design with motifs reminiscent of the Art Nouveau style. The distinctive atmosphere of the game is enhanced by an original soundtrack blending together a variety of genres, including synthwave, fado, ethnic, and symphonic music. The game takes place in 1860s Kyoto, a fictionalized version of the actual city. Sakamoto Ryoma, a hero of Japanese history, is an idealist who became known by the name "the Samurai". Ryoma's strong yet kind nature is far from the usual character image, and he became the hero of the Heian era and legend of samurai like "Ise Miyama". 5ec8ef588b
